Items Discussed

1. A few members met to preliminarily discuss the data maintenance workflows associated with implementation of GIS. A typical property transfer and property split were diagramed and evaluated for example purposes. Members noted complexity and strong need for proper planning before GIS implementation. Planning should involve those personnel responsible for day-to-day maintenance of data.

Action Items

1. Members to continue working on workflow analysis and planning. To further discuss progress @ future County-City GIS Committee meetings.
